

## Celia Maxwell

October 28, 1928 - November 1, 2020

Celia Maxwell, 92, of Goose Creek, wife of the late Michael A. Maxwell, passed away on Sunday, November 1, 2020 at Stratford Place. Celia Maxwell was a polio survivor as a toddler. She was told that she would never accomplish much in life. However, she graduated from high school and went on to complete an associates degree in secretarial studies. She took a job in Bluefield, WV at the county courthouse and later became an executive secretary at NASA until she married Michael Maxwell (deceased 10-25-1991). She is remembered by her children as a selfless mother and homemaker. She is survived by her four children Ronnie Maxwell (Debby), Kim Maxwell, Roger Maxwell (Teresa), and Amy Gonda (Bobby). She was also a loving grandmother to nine grandchildren (Taylor, Megan, Jordan, Stephanie, Stephen, Amber, Michaela, Michael, and Lilla). There are also five great grandchildren. Her children will always believe that her greatest accomplishment in life was her unwavering faith in Jesus Christ, and her steadfast prayers for everyone she met.

“ Amy and Family,  
SHE IS GONE

You can shed tears that she is gone OR you can smile because she has lived. You can close your eyes and pray that she will come back OR you can open your eyes and see all that she has left. Your heart can be empty because you can't see her OR your heart can be full of the love you shared. You can turn your back on tomorrow and live for yesterday OR you can be happy for tomorrow because of yesterday. You can remember her and only that she is gone OR you can cherish her memory and let it live on. You can cry and close your mind, be empty and turn your back OR you can do what she would want, smile, open your eyes, love, and go on.

“ A few years ago I had the privilege of visiting Celia on a regular basis whilst she was still living in her home in Corey Woods.  
My friend and I would go to cheer and minister to her, but we were the one was cheered and ministered.  
She was a beautiful child of Christ and is finally at home in His presence.

“ It was such a pleasure to visit Celia. She was a sweet friend to me. I have so missed visiting with her since COVID closed the nursing home to visitors. She will live in my heart forever. Linda Sealy

“ Your mom showed such strength threw the years . I last saw her at a time that I thought my world was falling a part at mine and my sisters father's death and I told her that I felt like we where orphans because our parents where gone . She said they where together again . Their memory lives on threw you girls . That gave me hope when everyone said sorry for your lost Just knowing it wasn't a lost it was daddy going to be with mom . It's how it should be . Not a sad time that we beat our self up that one thing we should have done for them or said or did we remember to say I love you when we talked last . Did we do all we should have done for them . They were there along time and lived a full life and they saw their children grow up they saw their grandchildren grow up and they saw great grandchildren come in their life . Best of all your mom got to see so much in her life time and she will watch from above . She will live in the hearts of her family and if you tell the little ones as they come along about her she will be here forever in the family hearts . It's the memory s you share and the love of family she wants you to keep . Family's get bigger and bigger and sometimes we get so busy we lose track of time and it's these times that we remember the heart of the family's our own parents .
