“ It is with a sad heart that I learned of Kenny's passing. I can't even imagine what you must be feeling. Our family moved away from Charleston 42 years ago but always remember seeing Ken when I would help Sam with project in garage. Just remember as long as we remember people it's like they never really left.

“ I am immensely saddened by the death of my wonderful friend, Kenny Owens. He and the entire Owens family were instrumental in my development during our adolescent years. Kenny will live on within my heart for as long as I draw breath on this earth. I remember so vividly Kenny's love for others, kind heart, and keen intellect. I have so many fond memories of hanging out at his home, working on cars with him, flirting with his sister, playing billiards in his game room, hanging out at Pizza Hut, attending sporting events, driving around just for fun (many times faster than we should), getting straightened out a few times by his father, and enjoying his mother's wonderful cooking. I also have fond memories of double dating with Kenny, talking about our problems and concerns together, growing together as we learned more about life, and sharing our lives together. I was thrilled to reconnect with Kenny a couple of years ago after I retired, and I so enjoyed our numerous telephone discussions over the last couple of years. I will never again have a friend like Kenny Owens. I dearly love Kenny Owens and will miss my friend very much. Kenny absolutely touched my life, taught me much about loving others, and assisted me in becoming a better person. I am deeply indebted to you, Kenny; I love you, and I never will forget you and the meaning you brought to my life.

“ I wish to share one more memory of Kenny. I am sitting here half crying and half laughing as I recall during high school Kenny and I frequently riding around in my 1967 Camaro singing, and I might add singing very poorly, to the top of our lungs, Paul Simon's "Loves Me Like a Rock." We would constantly get the words wrong unless we were singing while it

was playing on the car radio. Actually, we messed the words up when we were singing to the song on the radio too. I am not certain why that song had such meaning to us, but we sang it all the time and constantly laughed as we came to the realization that we just could not sing that song well. I have such wonderful memories of Kenny. I am downloading the song from YouTube now and will add it to the music that I listen too while fishing in order to honor Kenny.
