“ It all started with a tag that simply read “Bama Fan”. Over 30 years ago as a teenage boy I wrote this tag number down as a football crazed fan rented tubes from us the first time. That’s how we keep track of our tube rentals so naturally this tag caught my attention. What I didn’t know all those years ago was this Bama Fan would become a dear friend to me and would become JJs Tubes most beloved customer. Every summer I would always look forward to Larry, Sharon, and his mother and father pulling into our place of business. Being an avid football fan and coach myself, Larry and I naturally hit it off like no other. He took an interest in our family and was always so nice and easy to talk to. Through the years we solved all the worlds problems it seemed but mostly talked football. I had to endure hours upon hours of Larry boasting about Alabama of course, but I always enjoyed it. Sharon would usually just sit in the truck or stay at the campsite knowing that our talks would usually last a while. The whole Marr family grew to genuinely love the Powell’s. We have been blessed through the years to watch this awesome family grow and bring new faces to Deep Creek every year. It especially made me laugh the last several years as the grand kids came along. Larry would often retreat to our tube barn to just get away a few minutes lol! The last time he was here he told me he was officially passing the torch. He would continue to come to Deep Creek but was gonna let the others cook and such and just enjoy it. That didn’t get to happen but as sure as I’m typing this I know right now he’s sitting by the creek enjoying Sharon one more time. Larry and I would continue to communicate even as his health was deteriorating. He would always send me updates on where he was and what he was having to endure. I hate so much he is gone but I’m so confident in the fact his suffering is now over. I pray for you the family and I’m very saddened that summers in Deep Creek just won’t be the same without Larry. I will miss him dearly.

“ My heart is heavy for the family. Larry was truly one of a kind. He was a great friend and role model to mine and Arthur (Radar) boys. One of my best memories is going to Deep Creek and tubing and stopping at Sliding Rock and seeing Radar going down. He was completely blue, we laughed and laughed, I don't think he ever went down again. So many races and most of all Alabama football games. I don't think I have missed a televised event in years. He took our youngest to his first game a couple of years ago and he enjoyed it so much listening to the stories of Larry and his dad. I remember going to Christmas Eve at this parents and shooting fireworks, some of David fondest memories. He will be missed but he will always be remembered for his love of family and friends. My prayers are with his family and may God surround them with his love.
