“ I worked along side her as a nurse in North Carolina. Our patients
were heartbroken when she stopped working to start her battle. She
served our community and people so well. She was so loved by all
of our patients. It was truly an honor to be her colleague and friend.
I'm at a loss of words hearing of her passing. Love you always Mrs
Amy. To her girls: your mama loved you so fiercely and never let a
moment pass to brag on you and share sweet stories and memories
with me. Praying healing for your hearts as you celebrate her life.

“ Amy was a coworker in Fayetteville Amedisys. She was one of the best additions to our therapy team. She was always caring and compassionate about her patients and anyone she met. I tried to arrange schedule to come say in person, but patient load heavy and I know Amy would understand. But just wanted to say to all the family, she lit up when talking about Joe and her family. She was always upbeat when I spoke with her the last few times, but never really let on how serious things were. She didn't want anyone to worry. I was devastated when I heard the news of her passing. I will do my best to carry on her quality of care and compassion of others and will always be grateful I had the pleasure of knowing her. Her spirit will live on because she had that impact on all who knew her and especially her children. God bless Joe and the family during the loss of this wonderful child of God. Already miss not being able to talk to her.

“ *I went to Elida high school with Amy and always thought she was a beautiful fire cracker. When I heard she married Joe, who I went to school with since the 3rd grade, I thought they were a perfect couple. It greaves me to hear that cancer took her so young. My thoughts and prayers are with her family during this hard time. I know she fought the good fight and is now at peace. Until we meet again Amy...❤️*
