“ Our condolences to John, Steve, Susan and the rest of the family.

For most of us who worked with Barb at Goer, she became our guiding light, our second Mother. She always listened, supported us, and left us with a smile. She made a huge impact on Allison's and my life in the 25+ years we knew her. Even though we left South Carolina eleven years ago, we talked about her often. What a great, great lady. We will always miss you Barb.

“ Betty and I offer our condolences. Barbara was a very special lady. John and I worked several years together in the Air Force and had many opportunities to share memories of fun times at military functions that John and Barbara attended. I'll always remember her smile and disposition, what a peaceful personality. So sorry.

“ *This past week I've had to find a way to say goodbye to one of the most beautiful woman I've ever known. My mother and my best friend. Not everyone is as fortunate as I have been to have the kind of mother that I had. I will forever be grateful for the unconditional love she spent her life giving. The love only a mother could give. I looked at how much it hurt to loose her as how lucky I was to have loved that deeply. I will miss her every day of my life and hope that her light will shine through me. I love you mamma ❤️*

“ Barbara was the most giving and caring person I know. She was thoughtful on so many levels. No matter how she was feeling, no matter how sick she became she always thought to ask how each member of my family was doing. She was an inspiration to my children. Always happy, always willing to listen to anything you had to say. Each and every holiday was special because of the love and time she put into preparing wonderful holiday meals. She was never too busy to take a phone call. There was never a time that she was not excited to hear from me. She had a gift of making you feel special. She was loved by anyone that had the pleasure of her meeting her.

I will never watch Turner Classic movies and not think of her. My family loved her and her wonderful spirit. We will miss her very much. Barbara

“ When Don started to work at Goer he used to come home and talk continuously about Barb. Barb this and Barb that. I finally began to think, "who the hell is Barb". Little did I know she would become one of the few people that I felt the closest to over the years. I will really miss her, I hate we didn't see her much lately and she lived right around the corner. I hope these words will give you some comfort and bring a little smile to you. She certainly brought many smiles to Don and I over the years.
