“ *Sorry for such a late post as I just found his obituary. Dr Farish was such an amazing man. He was my children's Doctor until his retirement, from the time of there births. He helped me through alot of hard times with my son who had adhd,add,and behavior issues. I could always count on him to be the one to make me laugh even on the worst day and when my son was being a handful Dr Farish gave it right back to him,I loved that. I could type all day about how wonderful he was to my family. I cried when he retired because nobody could ever replace him. Rip Doc I will always remember you,your kindness,sense of humor and fiestiness. You'll forever be missed👼*

“ My apologies for the late post but I just recently learned of Dr. Farish's passing as I moved away from the Florence, South Carolina area many years ago. Dr. Farish was pediatrician to both my son and daughter and was a wonderful and kind physician who always took time to answer my questions and address any concerns of mine. I know he is missed most by his family but I assure all he is missed by his patients as well. May he rest in peace knowing he was well loved.

“ Dr. Farish delivered me in Darlington in 1976. I continued to see him until I was around 15 or 16 and he always welcomed me and made me feel better. I never got to tell him, but his compassion and healing is what prompted me to become a physician myself. Thank you Dr. Farish for your love, and thank you to his family for sharing him with us all those years. May God bless you all. With faith, hope and love.. John Webb

“ We just learned of Dr. Farish passing away, as I took Davis Streett, our down syndrome, age 13 to Eastern Carolina in Darlington. We are so sorry, he was such a delight, always joking around and had a great enthusiasm in helping out Medicaid and it's future. I knew he had his special honor in 2015, to no surprise. He is already missed and was a great inspiration to us and Davis, who also is a cancer survivor. Fondly, Tricia Streett, Florence, SC

“ I am so sorry to hear of Dr. Farish's death. He was an amazing pediatrician and a great man. My kids never minded going to the doctor because Dr. Farish always made them feel special. He was very encouraging to my husband when he did an internship under him during his physician assistant training. We moved to NC about 15 years ago and never found a pediatrician to compare to him. Praying for your family.
