“ Tamar,

It was my absolute pleasure to spend many of my Tuesday evenings working with D'Ellis at the Family History Center. He was a kind, caring and considerate gentleman with an understated sense of humor that I so much enjoyed. He was also a good storyteller and kept us entertained with tales about his childhood in Mississippi and his many travels during his work with the State Department. He was very special to me and I will truly miss him.

I have a friend that received a message from Mr Green years ago saying that he is a relative. The person that Mr Green sent the message to lives in Peru and he wants to know his ancestors in the United States.

Is there a way to get in touch with his living relatives here in the United States?

If so, please call or text me 801-358-6215

PS

“ D'Ellis Green, my brother in arms & wonderful friend, I will miss you! I'm a better person for having known you during my most formative years while we served together in the Air Force. I never forgot you & was blessed to locate you after many years of separation. Rest in peace & watch over us to insure we never stray from those principles you lived daily. You are an American patriot & hero for serving your country!
