“ *I can't believe you are gone, my friend. You were such a great person, and friend, who made school, and clinicals, a more enjoyable experience. I will forever remember our debates over theories, and practices, and how you always ended things with a laugh. I'll, also, never forget how you kept my daughter laughing on the phone to distract her from her fear when she was being admitted to the hospital, both times.*

Although, my life is brighter for having known you, I can't express how saddened I am that we won't get the chance to work side by side, in the profession we both loved.

“ David was a good friend and study partner. He was always there if you needed him and so much fun in clinic. He made our days in school brighter and he will be missed. His memory and passion for Respiratory Care will carry on through his classmates. Thoughts and prayers go out to all of his family and friends.

“ You were there for me after my father-in-law passed during our second semester of RT school and for that I'll be eternally grateful. You were always so smart and even helped me learn how to properly read an x-ray. You would have made an amazing respiratory therapist. I promise to keep your story in my heart when caring for patients. Thank you for just being a part of our RT family. We will miss you.
