“ I send my deepest sympathies out to the family and friends. While Don lived in Ohio we were in the same modeling club and even after he moved when he was in Ohio he made a special trip to my house for a surprise visit. Not many years ago we met up at a model convention called Wonderfest in Kentucky and Don being the perfectionist he was brought his latest project and received a gold medal for it. We had a great lunch that day at a local pizzeria also with a mutual friend Michael Paul Hetzel. I will miss him

“ To share all the memories of Wade from when he was a little guy through all the years would take far more space than allowed. The one thing that really stands out was his detail when assembling his ships. They were really something to see.
