“ *To Gail's famiy, For several years, Gail faithfully served our National Active and Retired Employees state federation and local chapter. He was dependable and always willing to help get a job done. We fretted over many things together, but as long as he was there to assist, I knew everything would come out as it should. He was a good friend and I miss his wise counsel.*

*Kathy Hensley
Past SC Federation President, NARFE*

“ Dear Peapples Family,

Sending love, light, and prayers for comfort during this difficult time.

I was fortunate to work with Gail at the FBI Academy and will always remember him as a good friend, kind soul, wise, and helpful to all. We kept in touch after he retired and he was instrumental in assisting me with my retirement plans as well as with NARFE. He talked about his family a lot over the years and I know how much the love of his family meant to him.

Treasure your memories; he will be missed by all; God Bless.

*With sincere sympathy,
Rebecca (Becky) Brewer*

“ *I always have fond memories of visiting with Gail and Judy and the kids when we were little. We were very fortunate to get to see Gail & Judy in July 2017. Gail was showing us all the sites around town. It was a great stay and glad we got to see him one more time. Love and hugs to the family.*

“ To the family of Gail Peapples,
May God bless you with peace and comfort during this time of your loss.

In 1998 I was hired as a electronics technician at the FBI academy in Quantico Va. and being the new guy in the shop Gail took me under his wing. Gail took his time to show me around the academy and taught me many things in the field. I really appreciated him for his knowledge and his friendship. I considered him a mentor to me and will always remember his kindness. He will surely be missed by many people he knew.

*God Bless,
Lamont Brooks*

"I extend my deepest sympathies to the family of Gail Peapples, a dear friend and colleague.

At the suggestion of Steve Lambrecht, I hired Gail as an Electronics Technician at the FBI Academy. We could not have chosen better !

In his work Gail was highly skilled and versatile, constantly learning and updating his knowledge. In his character, humble but strong and of the highest integrity. In his relationships, a man of his word, loyal and trustworthy. In short, he was a man of the sort once called, 'the Salt of the Earth' "
