“ Jodi was one of the most influential people in my life. Not only did she nurture my career with her leadership and mentorship, but lead me to be a better person and pushed me to prioritize family and friendship. She inspired with her charisma, joviality, and love. I will miss her. Her life on this earth was intentional, impactful, and meaningful in many ways and I am grateful for the moments we shared.

“ Jodi and I were roommates when I worked in Charleston. I have nothing but wonderful memories of our adventures together. She made life so much fun and offered me so much support, especially considering I was new to the country and my family was not local. I owe her so much.

Her passing has made me realize how special our time with our loved ones is and that not a moment should be taken for granted.

Rest easy Jod. Until we meet again

Love Angie (McDaniel).
