“ I started my journey with Johnathan in law enforcement. I was his Defensive Tactics partner at the Criminal Justice Academy and the memories I have about him will be cherished forever. One time we were grappling back and forth in the gym and the instructor would look at us. We than would tell each other that they were looking and to give it 100 percent. As soon as the instructor’s looked away we would be taking a break, laughing and hoping they wouldn’t turn their heads back toward us. I also remember how he would always talk about his kids and his wife. Let’s just make it to the banana pudding bud and we will be fine. (Academy joke for making sure we don’t fail any test at the Academy). God bless the Jarrell family and I pray they can find peace and comfort in their lives.

“ I wish the Jarrell family nothing but the best and comfort during these times. I was Jon’s FTO and later supervisor at Lexington County. He was one of the first trainees I had in my career and he shaped me just as much as I shaped him. He always did the best he could and he certainly always cared. I’m grateful for the times we had together and they will always be fond memories.

Jon and I worked the traffic unit in dorchester county for a while. Every once in a while we would pull up and chit chat. He always talked about his kids and his son that is in the marines as my son is also a Marine. He always gave me the impression he would help me with anything on the job or off. Jon was a great guy
