“ *Dear Uncle Joe, May you rest in peace. I have fond memories of you and Aunt Thelma through the years. Memories that I treasure in my heart. You both are such fine people that we looked up to and have admired for your strength, generosity, & kindness. If I had to describe your character in one word, it would be integrity. You were like a lighthouse on the shore of the Schilling family. You were a beacon of light that we could follow and always count on. Though that light is now extinguished, it will live on in our hearts & memories. My thoughts and prayers are with you Aunt Thelma. May God Bless & Keep You! May God's Face Shine Upon You and Grant You PEACE! In loving memory!*

“ I would like to tell everyone a little bit about my Uncle Joe. He was the most intelligent Marine Engineer I have ever had the pleasure of knowing. He was well known and highly respected throughout the Maritime Industry. He was a kind and gentle soul. If he saw someone in need of assistance, he would stop and lend any assistance he could, whether he knew the person or not. I have him to thank for the most amazing career I could have ever imagined, he advised and mentored me throughout my whole career. Not only was he my uncle, he was my friend and a father figure. In the later years of his life, he looked upon me as his son. Every time he referred to me as his son, it gave me a great sense of pride and honor. I shall miss him dearly. Sincerely Ernest M. Robertson, Sr.
