“ It continues to be a privilege knowing Julie whose life and legacy remains with us now and always. Julie extended the kindness that her parents and sister demonstrated toward me when I briefly lived with them while student teaching. That kindness continued when I joined her father as his assistant with the band program in Summerville. Julie's gracious and gentle nature remained evident as our paths crossed again when I was a graduate assistant at the University of South Carolina. Once again, as talented musician, her humble nature was an all too rare quality among peers. Equally important is that at all times she truly exhibited the qualities of a true lady in the finest sense of the word. This I am sure was of great pride to her parents. As I recently shared with her sister, Jan, may all praise be given to Our Lord and Savior for what He has done and will continue to do through the witness of Julie.

“ I had the honor of growing up and going to high school as a member of the Summerville H.S. Band. Julie's father was our director and she was a member of the band. What a great family the Moody's are. It brings sadness to see Julie passing so young, but heaven gained a wonderful human being. My prayers go out to the family left behind.

“ Julie was the sweetest most caring person I have ever known. She and her family took me in as one of their own when I moved to Summerville. She always had a smile on her lips and a kind word about anyone. She had a wonderful sense of humor and could make me laugh. She will be missed. My prayers are with the entire family.

“*Julie was the absolute kindest and sweetest friend you could ever want. I think Julie, Becky Jane, Anita and I were the first kids to arrive at school in the morning. I have so many everyday memories. I was recently asked who I hung out with in High School and it immediately brought back memories of those early mornings.*

My prayers are with the family, friends and the many people who loved Julie.
