“ *I met Kaye in orangeburg, SC. In the early 70's early 's 80s when I worked there in the same building. She was a loving mother and good friend. We remained friends for years until some problems arose with a woman named pat. Anyway because of her I lost contact and saw her one time after many years. I always loved Kay and admired her and she gave me strength to do what I had to back then. I wish I had know about her death and know she will be always missed by those in her life. I am just sorry I did not have the opportunity to say goodbye to a lady who I always considered a friend and has and will be missed by all that knew and loved her. Candais Franklin.*
