“ My apologies for not writing this sooner, but I had to write my thoughts on my dear friend and neighbor. I met Ken and Elaine when I started dating my husband in 1992. We got married in 1994 and from day "1" Ken and Elaine were the best next door neighbors anyone could ever have. We talked over the fence almost daily (weather permitting), he shared his tomatoes yearly, he helped my husband Bob, with car problems, basement leaks, faucet leaks and so many more home repairs they are too many to list. I can't begin to count how many cups of tea we shared. I personally will remember and love Ken because he was the best "dog sitter" a person could have. He always gave my dog Buddy, treats and when we needed a weekend get-away, we could always count on Ken. We cried when Ken and Elaine moved from Leading Ave. and I still look at the picture we took together the day before they left for South Carolina. My husband Bob, and I will always hold a special place in our hearts for Ken. Elaine, you have been blessed to have had such a wonderful husband and I'm sure he left you with so many wonderful memories, and I hope and pray that we are included in some of those memories. All our love to you Elaine.

“ I've always thought how congenial Ken and you have been throughout your lives together. Ken had many admirable qualities. He never seemed to have an issue with people. Ken always had a smile, no complaints, and took very good care of his family. Especially dear to me are the memories I have when we lived behind Johnson Plastics on Munn Road where Alan and Gary were born. We shared many wonderful weekends together. You were great friends.

I was happy to be a part of your 50th anniversary and I was very happy you were able to attend my 85th birthday.

So we all count our blessings day by day knowing this world is not our home. We are just passing through and as the butterflies change, we also are changed. Thank God for his wonderful plans. We will meet on other shores. So take heart, our Father is still in control and he loves us all.

Much love, Aunte Kate

“ We've known Ken and Elaine for nearly 50 years. One of the 1st times was when we were fixing our front porch, when Ken and Bob appeared on the steps with tools and by nightfall we had a new porch floor. Dick remembers Ken's Jeep. It was in the shop on the east side more than it was out. Dick went with him to drop it off and pick it up. Ken loved to fish and always caught more than Dick. They always had a great time. The kids remember Ken's voice and Pa. accent. Jody remembers the BAT episode and we all remember the fish and other food he used to make for everyone to try. When you moved, we enjoyed our visits with you. It saddened us to see Ken get weaker. There many more memories and happy times. All our kids growing up together and having wonderful friends for roll models. We will miss him.
Love & Prayers,
