“ *Dear Grandma, There are so many wonderful memories to share. Our trip to Lake Placid to watch the ice skating show was one I'll always cherish. I loved waking up at camp on Pine Lake to the smell of bacon and eggs cooking and always having a Dixie cup of orange juice and a piece of cantaloupe before every breakfast. Waterskiing, taking out the row boat and walking along the shoreline were such great memories with family. The reunions you always meticulously planned to keep us all together will never be forgotten. Fun family Christmases with our grab bag game that you always lead with your deck of cards. So many memories...our lives are forever changed. I am happy you are at peace and with Grandpa and the rest of our family that has passed before us. I will miss you more than words can say...I love you Grandma. Tracy*

“ *Grandma, Your walk through life is now complete. Your foot steps are much lighter now and the frustrations and pains of this world are gone. It is up to us to carry on with only the fond memories we have of you. Your bright smile now lights up heaven and we must wait to see it once again. Tears will fall and hearts will grieve until that day we are finally reunited. May the love we have for you sustain us as we look with anticipation to that day. In loving memory of the best Grandmother a benevolent father could provide.*

“ *Aunt Lucille is truly a legend in the Radcliffe family. She spent so many years planning our family reunions so that we could all meet relations we never even knew and catch up with the ones we did know. Not to mention the amount of work that was put into all of the family directories. I have saved those to pass down to my children and future generations. I will always remember her for her beautiful smile, porcelain skin and how she made family such a priority. I'm sure she is already planning reunions in heaven. She will truly be missed.*

“ *Grandma Hunt. You lived a full and prosperous life with lots of love. You've shown nothing less to anyone in your presence. Words cannot express how much you will be missed and how much you are loved. I love you very very much and will miss you very much too. But our memories together will keep your life alive. Especially when at Pine Lake camp many years ago, when we tried to get rid of the bat stuck in your fireplace. That was so funny!! We went through all kinds of chemicals and it still wouldn't go away.*
