

Marc William Snow

February 22, 1960 - March 18, 2021

On March 18th Marc William Snow departed this earthly life and was welcomed into eternal life by his best friend and Heavenly Father, Jesus Christ. He was born February 22nd, 1960 and was the seventh of nine children. He lived in Malden, MA his entire childhood and after high school enlisted in the US Air Force. Following his active duty service, he transitioned into the National Guard and attended Wentworth University while working full time at Hood Dairy. Marc earned a degree in Electrical Engineering and specialized in RF microwave technologies. Marc retired from Analog Devices. He loved his job and he loved working.

Marc always had a bright mind, inquisitive nature, keen sense of humor and quick wit. Marc was a natural storyteller and loved to make people laugh. He was a “hands on dad” and mentor to all whether as a boy scout leader, soccer coach, Sunday School teacher, or small group leader. He was involved in all aspects of his childrens’ lives. He truly loved being a dad and taking care of his family. He has five precious adult children; Jennifer Chambers and her husband Michael, Jesse Snow and his wife Kelly, Brittany Butrym and her husband Chris, Rachel Snow, and Sarah Black. He was extremely proud of the fact that each of his children graduated from Private Colleges and several achieved advanced degrees. He radiated love and enthusiasm about his newest title; Pop Pop and was adored by his granddaughter, Juliana Chambers soon to be followed by a grandson, Charlie Richard Snow due in May and a granddaughter Marci Snow Chambers due in June of 2021.

He was hopelessly head over heels for his wife Judy. The two completed each other and were truly as one. They complemented each other in every way. They were an “us” as Marc stated. “Us is the deepest bond you have, deepest in the heart and soul and a bond never to be broken.”

He was a man of conviction; he loved the Lord his God with all his heart and his neighbor as himself. He was a constant witness and living statement to the testimony of his faith. Forever working hard, serving the community, and being a true friend.

The most important thing and Marc’s greatest desire was to be a true follower of Christ. He chose to make Bible study and prayer a part of his everyday life. This fact is what he most desired for people to know and remember. He left this world with complete certainty about where he was going. As much as he would miss his life here he was excited to embrace his new eternal life in Jesus Christ.

Special thanks to Nicole, Sara, and Galen of Amedisys Hospice. Their care and compassion were exemplary during their time of service. They are all extraordinary caregivers.

Family and friends are invited to attend his visitation on Monday, March 22, 2021 from 6 o’clock to 8 o’clock at James A. Dyal Funeral Home. A celebration of life will be held on Tuesday, March 23, 2021 at 11 o’clock at Wassamassaw Baptist Church, 704 State Rd. S-8-291, Moncks Corner, SC 29461. Please feel free to wear bright colored attire per Marc’s request. A military burial ceremony will be held at a later date at Beaufort National Cemetery.

“ I am so sorry this wonderful man has passed away. I never knew him, but saw his smiling face in the newspaper, and began to read. Someone took great care and time to write this obituary about him, someone who loved him a lot. This is the obituary that I hope someone will write about me one day. Someone who loved Jesus above all else, then spouse and family. A true follower of Christ. I wish I had known him.

I want you to know that even in death, he has made an impact on me and my family.

I don't EVER read obituaries, but am so glad I read this one.

Actually, I cut it out of the paper, and it is presently on my refrigerator.

“ I met Marc when I started at M/A-COM in 2001 as my first job out of college where we were peers working on the device modeling team. He taught me a lot in the early years of my career about RF measurements, metrology, and modeling. We worked together for several years and I have many fond memories of time spent with him both in and out of the office. We had lost touch many years ago, and I am sad to learn of his passing, but I will cherish the many memories of the time that we worked and socialized together.

“ My deepest condolences and prayers for Marc's family. I am very sorry to hear of Marc's passing but am comforted to know I will see him again someday. I had known Marc a long time, going back to Lincoln Jr High in Malden and our one year of Babe Ruth baseball on the same team. I even was blessed with the chance of working with Marc at M/A-COM and again at Hittite/Analog Devices.

“ *My deepest condolences to Marc's family. Marc was the first guy to teach me how to test an RF device. He was a great teacher and an even better RF tech. We worked together for a few years at Adams Russell, then again at Raytheon, Hittite Microwave/Analog devices. I have great memories of after work beers and basketball. God Bless, John L. Huff*
