“ *Peggy was my dear friend for 50 years. We shared our first homes and children together; making many memories. No matter how much time passed or how many miles were between us, as soon as one of us would answer the phone it would be as though it were yesterday. Time didn't make a difference in our friendship. I will miss you my dear friend, more than you will ever know. I love you Peggy B. Lila*

I loved working with PEGGY over the many years. At conferences she would always make it a point to come look me up. And even if o had not seen her for a year or more, we just picked up where we left off like it was yesterday. A good woman she was!

“ Aunt Peggy,
You have always been a huge part of this Bozard family. I know that you are healthy and free from pain now, but we will always hold you close in our hearts. Mom is right, we always looked forward to family gatherings because we knew you would be there with your famous Lemon Cake. No-one could ever hold a candle to that cake or the pounds we all found after indulging in it. Love you so much...Rest now...Until we meet again. Dawn

“ *Peggy was one of the nicest, most thoughtful and caring teachers in my years of school. She was the kind of teacher who went above + beyond to make sure that her students were learning + understanding what they were being taught. I loved having her as my teacher for typing/computers back in high school, and later in life, as a friend and someone who made a difference in my life + in the lives of many others!! She will be missed. <3*

Mrs. Bozard taught me two years of typing in the early seventies. She was always so nice and kind and so proficient in her teaching skills. I took the first year upon the advise of my mother. I took the second year because I liked Mrs. Bozard so much. So sorry for her passing way too soon.

“ So sorry for your loss Mrs. Bozard was an amazing teacher. Wish I could be at the service on Friday to pay my respects but unfortunately I have to work. Keeping everyone in her family in my prayers. The world just lost an amazing person. Took her keyboarding class and computer class and was so excited everyday to go. She was the best computer teacher, I learned so much from her and to this day say I would not know how to type without her. My favorite saying of hers was you have to be nice to you computer. your computer is your friend. RIP mrs Bozard

*Jimmy, Brian, Alan and Leah,
I am so sorry for your loss. Since my first day in 8th grade typing class Peggy has been my teacher but most of all my friend. When I went back to school 4 years ago after 35 years Peggy was there for me. She lived and loved with her whole heart and I will miss our chats so much. I pray that God places his hands upon you and comforts you through this. She loved you all so much. RIP my dear friend.

“ *Peggy I will miss you so much in the days to come. You have been a wonderful part of our family for almost 50 years. I have always thought of you as my sister, not a sister-in-law. The big family get gatherings will not be the same without you there. You were very special to momma and daddy and especially to our children. They always looked forward to your lemon pound cake. I know you are at rest in the beautiful place we call Heaven. Until we meet again on the other side I love you. Rhonda*
