“ I would like to offer Marks family heartfelt condolences. I only have a handful of true friends and I lost one. That may sound selfish but Mark was not. I talked to him just last week. I thanked him for sending a check for \$50 to my daughter for my grandson. Their house burnt down. When I called and asked could he send \$20, He replied whats the address? Then he said ahhh I'll send \$50. I gotta go Scotty lol He attended My Daughters wedding. Her anniversary is today. I sure am going to miss him. I love you Mark. RIP

“ Mark was a great guy. We worked together for over 20 years in plants located NJ and SC. Always a guy to help you when you needed something mechanical figured out, Mark was there. A few of many great memories - When Mark got promoted into supervision in the Haledon Plant, we celebrated big-time. When his titanium hip failed not long after implant, man he was sooo angry he couldn't be running around at work. A field trip from work - he and I went to test run some equipment at a company called KEK. It was in his hometown of Bristol PA, he showed me his birthplace, we ate and drank beer at the oldest restaurant in USA that day ... right there close to where he grew up, it was his treat. When they relocated to SC and we were already there, it was nice once again spending time with Pat and Mark. These are great memories of Mark, a great guy who will be missed. The Kearns family offers heartfelt condolences to the McCoy family.
