“ Mary was one of a kind and helped me through a rough time in my life when Lee passed away. She was so much fun to be around and never a dull moment with her. Although we hadn't seen each other in years I still loved her and thought of her often as a friend and sister in law. She was unique in so many ways and people were just drawn to her. I am so saddened by her passing but she lives behind 3 wonderful girls, an ex husband who still loved her and many, many friends which is a true testimony of the person she was. I will miss her now forever and hold our memories close to my heart until we finally meet again. Love you Mary E, McCranie.

“ We both said we were not sure how it happened...she chose me and I chose her...it was only business at first and then grew into love, honor and respect. We did not always agree, she even said some times we did not like each other, but we always loved one another. That was ok. Every day we talked, laughed or cried. I held her hand many times and she held mine...my sister and I were very blessed to have her on our side. She is a warrior and did it her way...she was kind and truly respected...and one of the few people that I know who really laughed and lived every day. I will miss you. Love always Leta

Prayers for your family my friend, your resting now and watching down on them and many of your other children because you were a mother to many. My heart aches but I know in time you will still be showing many of us signs to get it in line. Minkys will never be the same I can see you now coming in the back door. But I guess you can say as long as Tiffany is alive you will never die! Lol One last request Warden , keep an eye on my momma! I love you and will always carry you in my heart.
