“ *Megan was a very kind and sweet friend of mine. We had a couple of classes together in middle school and high school. Mostly English, art and History classes. We lived on the same street a few houses apart and rode the bus together. One fond memory I had of her would be from middle school when I was being picked on by people on the bus, she stood up for me and told the people to leave me alone. She sat next to me and rode back with me. Another time was when I saw her walking down the rode while I was riding my bike and bit it hard on the ground. She stopped to check to see if I was ok, which was very sweet of her. I remember calling her in the summers to see what classes she was taking to see if we had any classes together. Later years after high school we connected more online through Facebook and phone. She was very sweet, talked about her dreams and goals. She was a lovely woman. She would send me a message on every holiday and birthday to say hi and wish me positive thoughts. She often spoke of her kids, loved them dearly and always was so excited to see them. She will be sorely missed. I'm going to miss you greatly dear friend.*

“ You touched so many of our lives and hearts Megan. I can't even begin to tell you how much you will be missed my friend. We had so many good years behind us. I'll never forget the endless weekends we spent together with all of our beautiful friends. Your smile and laughter was infectious. We will continually pray for your mother sister and children. Thank you for being a part of some of my best childhood memories.
