“ *I'll never forget before my big move to Columbia how my manager at Carrabba's in Myrtle Beach advised me that my new manager in Columbia would be a "cute little British girl named Pip." Pip always made me feel welcomed, even after I left Carrabba's. She was undoubtedly witty and generous. I wish I had made the time to hang out with her more outside of work...I thought we had the time... I just can't believe it, and it's just not fair. You had so much more to offer the world. Pip, may your memory be eternal.*

“ Several years ago, “Pip” befriended my daughter, Karli, when they both began working at Carraba’s in Columbia SC. Soon, several of the young folks working together at the restaurant bonded in a caring, supportive circle. “Pip” was always a delight to engage in conversation. From the beginning, her lovely, lilting voice, quick wit and endearing warmth quickly illuminated our hearts. With a fair and generous spirit, her life gave us all great joy. We were all privileged to know her as a loyal, loving friend.

Our family offers you our prayers for a time when peace comes around again to embrace your life, knowing you raised a hard working, beautiful, loving, young woman.

*With Respect,
The Stroman Family
Columbia SC*
