“ I never met Paul, but his brother Freddie Pierce was my father. He passed in 1978 at 41yrs old. I always knew the names of my aunts & uncles, however I never had the chance to meet Paul. I wish I had!

So sorry for your loss

“ I remember all the pets I ever had giving dad such a hard time. I had this cat when I was 12 or 13 and this cat would wait for dad to be laid back in his recliner watching TV and dozing. This cat would run down the hall at top speed and just take a flying leap onto dad startling him! He would get up and chase that cat just yelling about it too. He never could catch that cat. Dad always acted to tough but he really loved his family and animals. He got to be a real cat lover which I thought I would never see. I am going to miss daddy so much. He was always there for anyone when they needed something.
