“ Together we attended nursing school and our friendship began. We had been through a lot together, my partner in crime. We helped each other out, had each other's backs throughout our nursing careers. As we worked at Brookhaven Hospital, then Stony Brook Hospital, even through the mandatory overtimes, I'll never forget the amazing way you touched our patients. I learned from you dear friend. I became a better nurse because of you. Thank you for your guidance, your support and your friendship. In this lifetime, you will always be my friend, my sister. Rest easy dear friend, fly high with the angels, for now you are one. Lori
