“ *I saw Paul at our last class reunion, for the first time since we graduated from high school. It was good to see him and catch up. Paul was a kind, friendly guy and wish he had more time with all of us and his family. My heart goes out to his family and may they find peace by remembering the great times you all had with him. “ I am very sorry to hear about Paul's passing. Paul was one of the Engineers that hired me into Albany International, and as a result gave me and my family an opportunity that has lasted twenty years. He was a great person to work with, and share a meal with. Paul was always willing to teach and share his knowledge. God bless you Paul and your family.

“ Paul was one of my managers while I was with Albany. More than just a boss he was also a mentor and looked out for me like a father. I enjoyed our numerous work trips to Wisconsin, VT, and Maine. He gave me all the accounts in North Carolina so I could see my parents more often. That's just the kind of person he was.

I am very sad to hear of his passing and my deepest condolences to the family.

“ I was so sorry to hear about Paul. As happens so often, we lost touch when we no longer worked together. But during the time that we were coworkers, first via telephone when he was in NY, then face to face when he moved to SC, he was always a class act. He was a great guy, and one you could always count on. He always talked about his family; Carla, Elena, Jason. He was so happy and proud of you all.
He will truly be missed and you have my condolences.
