Shawn grew up to be a very handsome and dedicated family man. It was our honor to briefly know him and love him when he was very young and it warms our hearts to see how he turned out with time. This is a beautiful dedication from his family that shows just how loved he was and will always be. May God rest his soul and give peace to his family. Love Jeff and Cheryl Urmson~

Shawn You have made me so proud. It is such a honor to call you my son. I will miss the time we spent together building Hot Rods and going to shows but my fondest memory is the time we spent together going to see the last shuttle launch. Although we did not see the launch our time together was more precious together. Love you very much and I will see you again at the Lords table.
