“ Steve no one knew “Dirt Road”! Better than you did 🤔. You gave me that name as soon as I met you 20 years ago . And man did we have some good fun times . Driving in the blueberry field to pick berrys , cause you said we could or just going on our shopping trips late at night . And you always there not just for me but for my entire family when we were in need of an extra prayer when little young niece was diagnosed with a rare form of cancer . Even she said what a joy you were to her in her final days with us. And you always made her smile . And to her you were just a stranger that showed up for support, but you became much more to her as you never missed any function we had for her weather you had only a couple bucks and no gas in the car . That never mattered to you . You would come to anyone’s rescue any time day or night if they needed your help . And you stayed with Harper my niece right up to her final days . And for that I will always cherish you . But also for just being good old “Bibbens”! My mom never stopped asking me how you were after my nieces passing she worried about you all the time . And thank you for just being my real friend . Now you are so happy . Because your beloved “PupPup” was waiting on the other side of that Rainbow Bridge . Together again , both person and pet, so they run to each other these friends from long past . The time of their parting is over at last . The sadness they felt while they were apart . Has turned into joy once more in each heart . They embrace with a love that will last forever . And then side by side they cross over together . 🐶❤️ . So Steve keep watching over all of us and I promise every time Jc and myself are out on a fossil hunting adventure maybe you could led us to the Mother load . 🙌🙏🙏🙏🙏 . You will never be forgotten you will stay in Jc’s and my heart always .And your last words to anyone who would ask you when ever we were out and about . Would say , “ hey where’d you find her . And you would just in your Steve way say, “ I found her on a “DIRTROAD “! And then we would just drive off laughing . So you keep on laughing and being the spirit you were meant to be . Cause it’s not just your friends and family that’s going to miss you . All the trees and wildlife you have saved and protected for so many years is reaching out to you on this day too . Rest In Peace . We love you

Jc and Jody
