“ Mrs. Gotheridge was an outstanding teacher and colleague. She told me that she did not ever write down her lesson plans and that she decided what she was going to do the afternoon before the next school day. When written plans become required, "I'll retire," and she did. I am sure she planned everything in her head even though she refused to write them down. She was very kind to everyone. I know that your hearts are heavy and my thoughts and prayers are with you all.
Much love,

“ I was devastated to learn of Susan's death. We taught together at Summerville HS for at least 20 years and I got to know her well as a co-sponsor of the very active Speech/Debate/Drama teams. I felt I knew her entire immediate family very well mainly because she talked about you so often, so fondly and with such warmth and humor. She touched thousands of young lives as a gifted and compassionate teacher. I look to reunite with some of our old colleagues at her funeral Friday.

“ I have known Susan for 10 plus years as she was one of my docents at Mepkin Abbey. She was a wonderful sweet lady that I really enjoyed working with. I could always count on her to help me with the store and with the tours. She will be deeply missed by all of us from the abbey. I know the pain all too well. The family is in my thoughts and prayers.

“ Have wonderful memories of our years teaching English together at Summerville High. We traveled the road to the Citadel quite often while working on our graduate degrees. We also enjoyed our social life with Dick and Susan when our children were young. Our thoughts are with you.
