“ My Grandma (Vivian Benzenberg) was one of those few people I was really close to in throughout my life. We talked about a lot of things that I couldn't share with too many other people and she always provided a caring ,listening ear for me. She also knew how to make me laugh many times whether in person or over the phone by telling about funny things that happened in her life to her or reminding me of funny things that had happened at times when we'd spent time together and such.

“ I remember when I was turned 23 and was living in Ocala, Florida with her and my grandfather and she took the time to bake me a German chocolate cake special and also many times when I was little she used to let me go into her candy drawer in Peekskill, NY in her kitchen and pick out any candy that I wanted at the time
