“ *Bill was my cousin and we shared a special bond as both of us held the middle name "Hugh" after our grandfather Walter Hugh Purser. Growing up in Florida, my family trips to Clemson were always made better by spending time with Bill and Mike. It was so nice having cousins, my age, to play with (and yes, get in trouble with in the woods behind my grandparents house). I will always remember Bill for those many summer days in Clemson, trips to North Myrtle Beach and of all the practical jokes at Oconee State Park. Many great memories. The pictures attached are of Bill and his lovely wife Suzy (Feb 2009) and at our family reunion (July 2008). Bill and Suzy are together once again, and I will miss my cousin and friend, and look forward to the day we will all be together. Till then, blessings to Mike and all our family as we remember Bill and thank God for the memories we shared. GO TIGERS!!!*
