“ Sonny boy the 19 plus years of just knowing you, I will always cherish close to my heart . And mostly for some of the special things we asked of you and needed your help in our time of need . You were always right there to help . With no questions asked just to lend a helping hand .and I don't think there wasn't anything you were afraid of in life. And you would take on any challenge no matter what it was . Even if you might had known you'd never win it . That still never stopped you from giving it your all . From fixing anything to fishing . You gave it your all . You always made me laugh and always tried to answer all my off the wall questions about fixing something . You always had time to explain it for me . And those memories I'll keep dear to my heart and soul . I only wish that Jc might had learned a few more of your skills for fixing things though . Ha!! I know you are getting a good laugh out of that one about now . I know I am too . But I know we all have another Angel to look out for us now . And I'll keep checking in on things for you too . So no worry's! Copy that !! And everytime a boat goes by I know you'll be riding high . Forever all my love Jody
